2. (DO). To the Offg. Senior Surgeon No. 9573 & 23.3.08.

Informs that as the emoluments of the Senior Surgeon have been fixed with due regard to the fact that the Officer appointed for the post would be required to attend at the Palace and compared favourably with those attached to similar appointments in British Provinces and under the Foreign deptt, the Govt: of India have expressed their regret that they are unable to entertain the Durbar's proposals to increase the emoluments of the Senior Surgeon

Dear Mr Madhava Rao.

I am desired to acknowledge the receipt of your D.O. letter No 509 of the 8th April 1907, proposing the grant of special fees to the Senior Surgeon in connection with his Palace duties and asking for the views of the Resident regarding the scale in which they should be calculated.

2. The Govt of India were addressed on the subject and now point out that when the question of fixing the emoluments admissible to the Senior Surgeon was under discussion, it was recognised that the officer appointed to this post would be required to attend at the Palace. Further, the work done by Lt. Col. Smyth as Palace Consultant was specially brought to notice by that officer in paragraph 16 of the Memorial which, in August 1906, he addressed to His Majesty's Secretary of State for India. On receipt of this memorial the matter was once more considered by the Govt. of India and also by the Secretary of State, who held, after expressly weighing this contention, that the emoluments

fixed for the post of Senior Surgeon compared favourably with those attached to similar appointments in the British Provinces and under the Foreign Deptt. The Govt. of India therefore much regret that having determined the emoluments of the Senior Surgeon after full consideration of all the circumstances of the case, they are unable to entertain the present proposal of the Durbar to increase them

yours Sincerely

Dear Mr. Rennie.

With reference to your D.O. letter N°. 2424 of 20th March 1907 regarding the appointment of a second Commissioned medical officer in the State, I write to say that in the first place the Durbar consider that in future it will not be necessary to employ two British Medical officers in the State. On Col. Smyth's return from leave he will continue in the position he was filling before he took leave, and until the time comes for him to leave Mysore Service or until he vacates his present appointment, His Highness does not desire to have a British Durbar Surgeon attached to the Palace, so long as the services of the Senior Surgeon will be available for the Palace.

It is understood that if the services of the Senior Surgeon are called for in his medical capacity for the Palace, he can ask for special remuneration and I shall be obleged if the Honble the Resident will favour the Durbar with his views as to the scale on which such remuneration should be fixed, whether the remuneration

Could be claimed only for actual medical attendance or for mere consultation also.

The arrangement suggested above would be provisional and as soon as Col. Smyth's services as Senior Surgeon terminate, the Durbar would wish that the one British Medical Officer to be employed by the State — be it Col. Smyth or any one else — should be appointed to the post of Durbar Physician and Surgeon, leaving the appointment of Senior Surgeon open to officers of the Mysore Med. Service
